### Suitability

Ideal for Exhibition Use

Also for Fairs, Shows, Stage Floors, Walkway Areas, VIP Strips, Corridors, etc.

Also suitable for temporary use as office carpets.

The subfloor should be dry, smooth, flat, dust-free and resistant to compression and load-bearing. The seams may remain visible to the eye and this should be accepted as an inherent characteristic of carpet tiles. Due to dye lot variations, actual colour may vary slightly from the samples. Chair pads are recommended to prevent premature wear of carpet.
