FRESH THINKING

FOR CARPETS AND FLOORING

VOXFLO®: IT'S MORE THAN A CARPET

Our unwavering passion for design drives us to constantly push the boundaries and create innovative, aesthetically pleasing products that enhance the beauty and comfort of spaces. We recognize that design is not just about aesthetics; it's a vital tool that enriches our environments. This commitment to innovation and beauty inspires us and, we hope, will inspire you too.

This understanding allows us to develop high-quality carpet solutions that meet the diverse needs of designers, enabling them to transform their project concepts into reality. The seamless integration of style and functionality is at the heart of our product offerings, ensuring that every space we are involved in reflects a unique aesthetic identity and is comfortable, durable, and safe to guarantee complete customer satisfaction.

Sustainability is at the root of our approach at VOXFLO®.

We are committed to implementing environmentally responsible practices throughout all stages of production, using renewable energy to reduce CO2 emissions significantly. This commitment also extends to our product line, which includes sustainable materials such as green fibers, recycled nylon, and regenerated backing solutions. We aim to minimize our environmental impact by prioritizing eco-friendly solutions while offering designers high-quality, sustainable options.

Our mission is simple: to unite our passion for innovative design with a purpose-driven commitment to sustainability. Through this, VOXFLO® strives to create beautiful, functional, and environmentally conscious products that meet current needs and safeguard the world for future generations. Together, we can work towards a brighter, more sustainable future through design.

PASSION AND PURPOSE

INNOVATION, COLLABORATION, CREATIVITY, RESPONSIBILITY

At Voxflor, we bring Passion and Purpose to everything we do. It's an ideology that runs through every tile we manufacture and every project we complete. We aim to bring colorful and unique flooring designs to commercial interiors across the world, thanks to a high-quality, responsible, sustainable product that doesn't cost the earth.

SUSTAINABILITY DRIVES THE WAY

VOXFLOOR adopts a comprehensive, GREEN approach to carpet tiles production, with a strong focus on reducing environmental impact. Certified carbon neutral by third-party organizations, VOXFLOOR achieves this through strict CO₂ emissions control, efficient water usage, and proper sewage disposal. The company also manages area temperature control and powers its production facilities with 100% renewable energy from photovoltaic plants installed on warehouse rooftops.

Our commitment to sustainability is deeply ingrained in the corporate values. VOXFLOOR's neutral carbon footprint is ISO Certified and contributes to long-term ecological preservation while maintaining high-quality product development standards.

ISO 14064 ensures VOXFLOOR tracks and reduces its greenhouse gas emissions across operations.

ISO 14067 certifies the minimization of the carbon footprint of carpet tiles throughout their lifecycle.

ISO 14068-1 verifies the company's achievement of complete carbon neutrality through initiatives like renewable energy and carbon offsetting.

DOING THE RIGHT THING

OUR LATEST RELEASE

INTRODUCING THE VOXFLO® NEW PRODUCT RELEASES.

Voxflor is constantly developing and innovating new product solutions and likes to bring them to their customers as quickly as possible.

This section in the catalog will be regularly updated with new releases and made available in digital form as soon as each product is released.

If you would like to be kept up to date with new releases just sign up for our newsletter and you will be able to download new information as soon as it is made available.

RELEASE**

From the lichen and moss that find a foothold on bare rocks to all the creatures that have evolved to thrive in the most inhospitable environments, Life Resilience pays tribute to the everyday miracle that generated natural beauty for nearly four billion years.

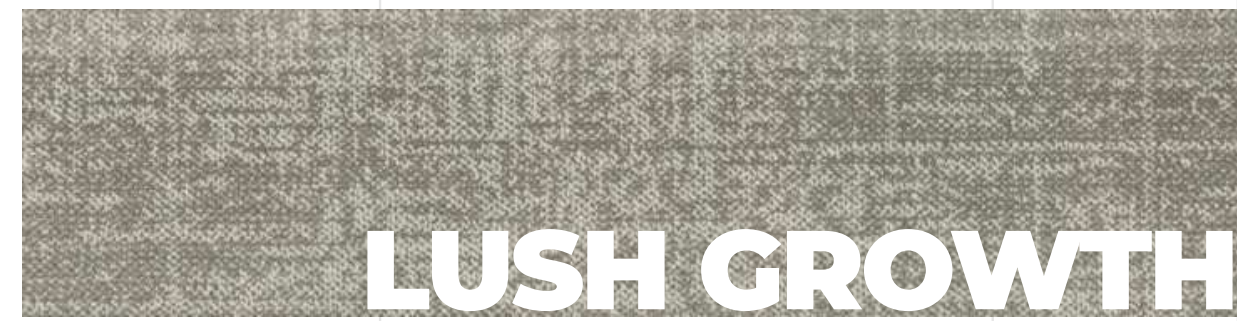

LIFE RESILIENCE COLLECTION

Lush Growth 300, 302

The Life Resilience Collection, inspired by the extreme living patterns found in nature, celebrates the incredible strength of life and its perennial magnificence.

With its irregularly shaped blocks and twisted lines, the Slow Adaptation exudes a sense of unyielding strength. Lush Growth embodies the richness and diversity of nature through its pattern that seamlessly integrates clustered dots and interlaced lines, infusing the carpet design with subtle variations that captivate the eye.

LUSH GROWTH

Construction: Multi-level Loop
Fiber: PUREWEAVE™ Nylon
Pile Weight: 18 OZ/yd²
Average Pile Height: 4.0mm±0.5mm
Backing: EcoAce-Bac®
Tile size: 25cm*100cm
Area of Use: Commercial – Heavy Duty
Installation: Ashlar, Herringbone

The Loom Culture Collection, a unique blend of tradition and innovation, draws inspiration from the time-honored art of looming. It represents the intricate beauty of handcrafted textiles through a new curved loop design.

Materic Heritage MH800, MH801

The collection includes two standout products: Fabric Legacy, which offers timeless elegance, and Materic Heritage, which delivers a rich, textured experience. By Loom Culture, every tile tells a story of craftsmanship and modernity.

The two products feature eight base colors, from dark to bright and warm gray tones, complemented by eight accent color products. This combination allows neutrals to blend seamlessly with the base colors, creating a sophisticated and elegant aesthetic.

FABRIC LEGACY

With its freshness and vitality, Seafoam evokes a sense of hope from the ocean's surface. Embracing the concept of renewal and transformation can infuse our lives with optimism, hope, and a deep appreciation for the beauty of change.

SEAFOAM

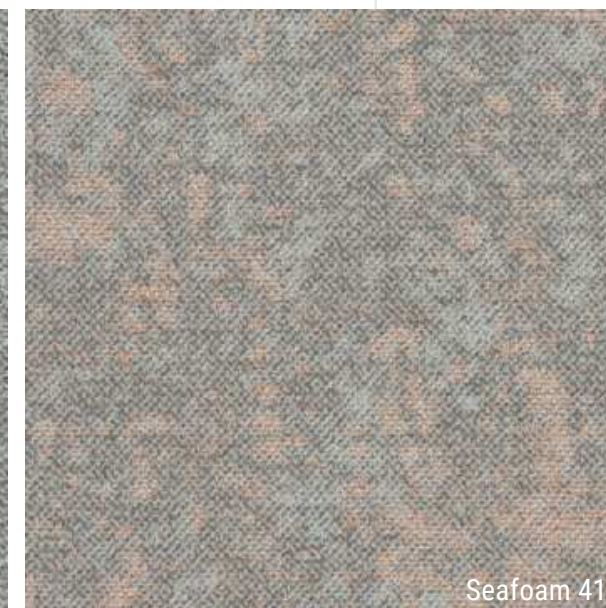

Seafoam 400, 417, 418

The Seafoam pattern is seamlessly generated every time, covering every part of the space with a constantly changing and evolving look. Delicate color accents gently blend with the base, creating a new and unique appearance.

Seafoam comprises eight neutrals that can be combined into six delicate accent colors to respect the space's neutrality. It brings a touch of innovation from the gentle organic dynamics inspired by the unpredictable design generated by the waters whipped by the wind.

Discover the VOXFLOOR artistic vocation through Sketch On Collection. Inspired by the fluid beauty of freehand sketching, its dynamic patterns and vibrant accents bring creativity and inspiration to every space.

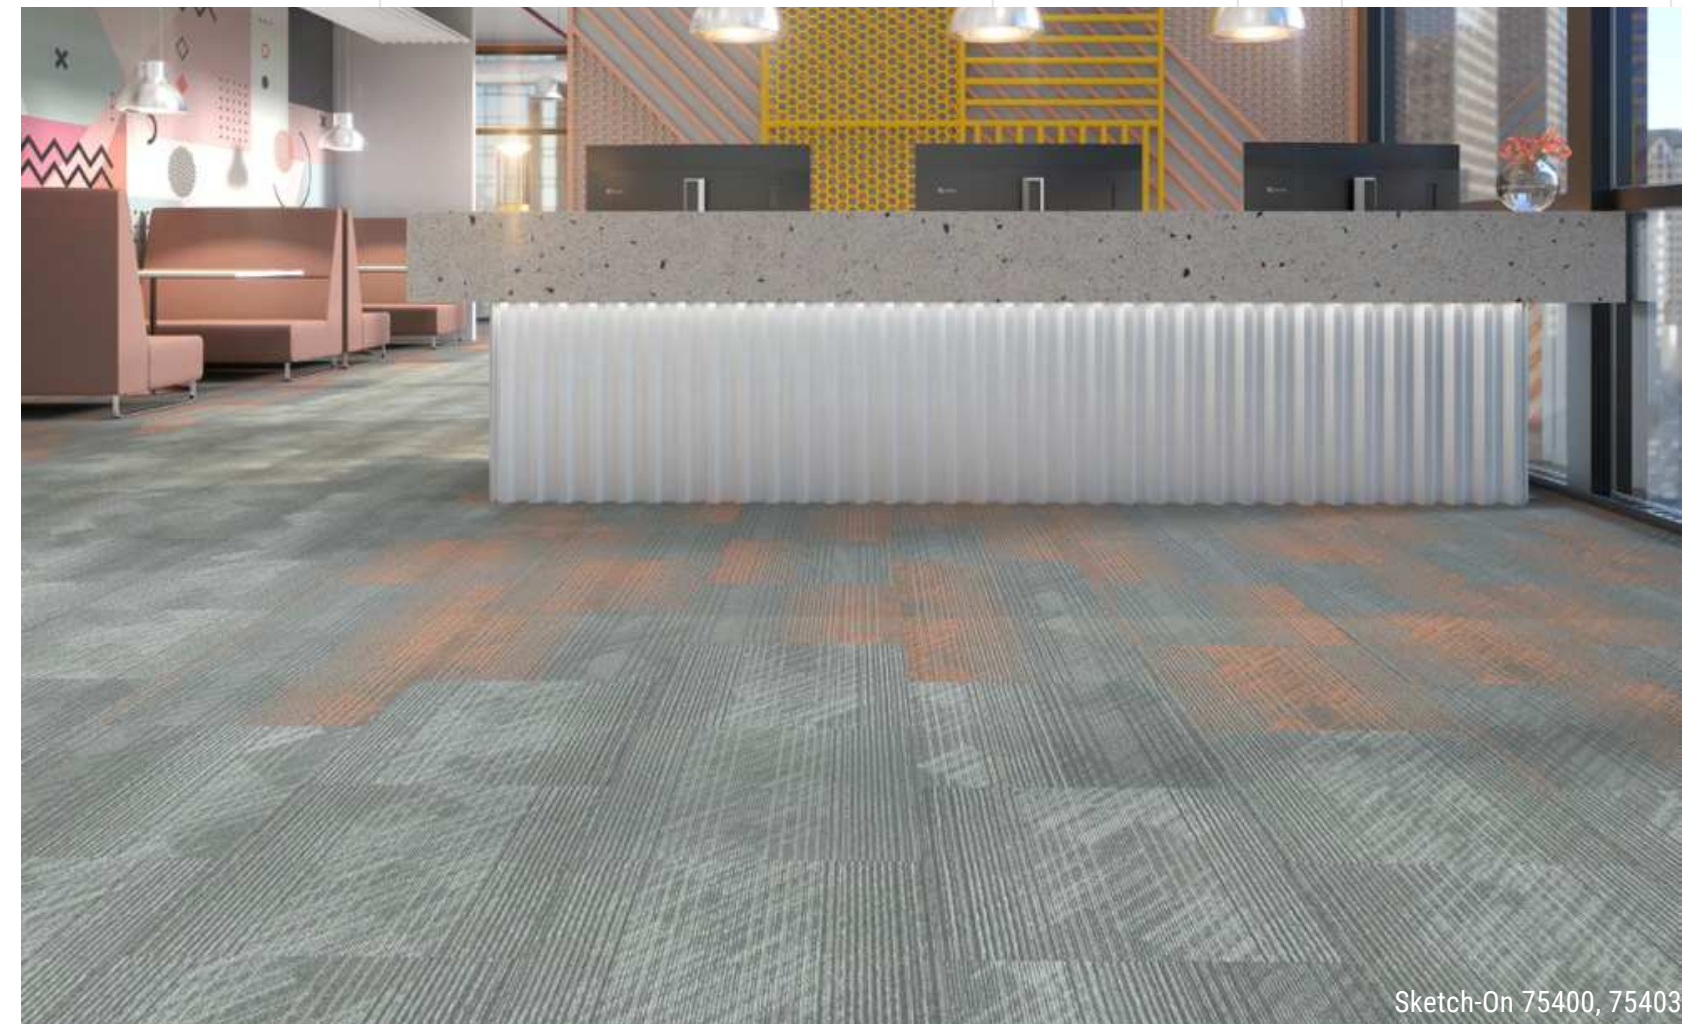

Sketch-On 75200

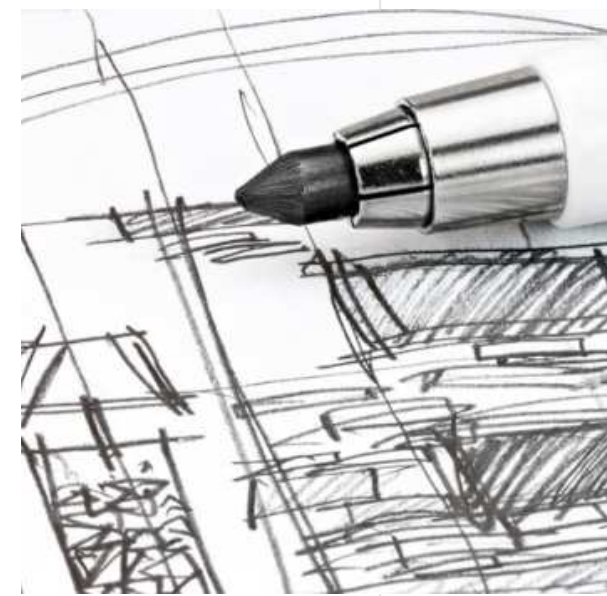

SKETCH-ON

Sketch-On Carpet Tile Collection features a sophisticated design that artfully blends a sleek linear pattern with the dynamic energy of a freehand diagonal sketch. The result is a harmonious interplay of structure and spontaneity that inspires creativity in any space.

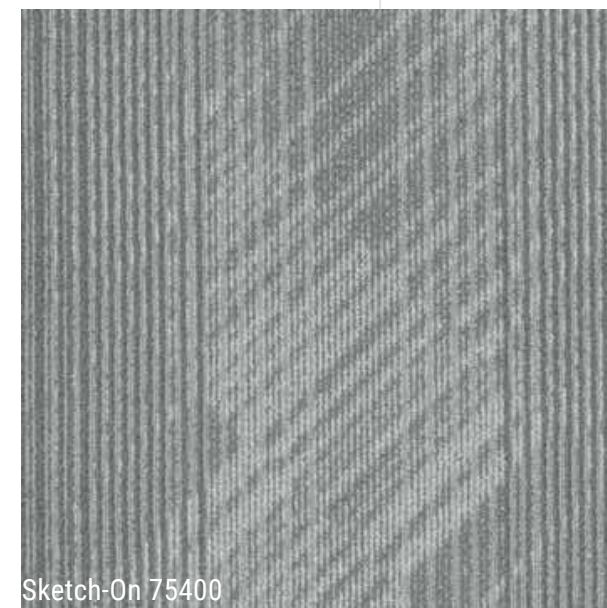

Available in seven base colors, including beige, versatile shades of gray, and an elegant dark blue, Sketch-On offers the perfect palette for modern interiors. The intermediate gray color comes alive with striking accent tones. These pops of color create a bold contrast against the base, infusing your environment with positivity, energy, and playfulness.

From the galaxy to the Earth, then back to the mysterious and tremendous space, the Supernova Collection speaks out loud for the magic planets and their transformations.

SUPERNOVA COLLECTION

Spacewalk 100-11, 200-11, 300-11, Kosmos 200-10-02

Prepare to embark on a new adventure with our Supernova Collection, which transforms any space into a stunning work of art. This set offers something for every taste, from bold and vibrant patterns to subtle and sophisticated textures.

The organic pattern of the Supernova collection is a unique representation of the different surfaces of the Earth seen from space. This distinctive inspiration is brought to life in three distinct textures. Komos provides a selection of accent colors complementary to Spacewalk's neutral colors.

LATEST RELEASE

Spacewalk 100-01, 200-01, 300-01, Kosmos 200-01-01

With its multi-level loop construction, all three levels of Spacewalk offer a visually stunning experience. Spacewalk 100, enhanced by a tip-shear solution, resembles a crisp and clear view of the plains. In Spacewalk 200, there is an additional texture that represents a more rugged, mountainous landscape. Spacewalk 300 adds a rich, plush texture and a vibrant palette of colors as if one were viewing the earth through fluffy clouds.

Spacewalk 200-03

Kosmos 200-11-01

Kosmos has added extended color accents inspired by the Spacewalk, making it the perfect complement. But it's more than that. The accent colors are light, fresh, and trendy, drawing inspiration from the cosmos. These colors can effectively dominate an entire floor, providing countless design possibilities.

DISCOVER ALL THE VOXFLO® CARPET TILES COLLECTIONS

Discover the essence of innovation, quality, and design in every tile. VOXFLO®'s comprehensive carpet tile collection offers a perfect blend of style, functionality, and durability, designed to meet the diverse needs of modern interiors. Each tile, from timeless classic collections to trend-setting designs, reflects our commitment to sustainability, performance, and creative expression.

By revitalizing corporate offices, enhancing hospitality environments or creating vibrant spaces, our carpet tiles are crafted to inspire and endure. With modular flexibility and a vast range of colors, textures, and patterns, VOXFLO® empowers you to design spaces as unique as your vision.

THE ART OF FLOORING

ARCTIK

Untouched, elegant, and pure.

A unique luxury product in design, color, and construction.

*An elegant pattern with 16 stunning cool shades,
sustainable bio-based fiber, and superb performance.*

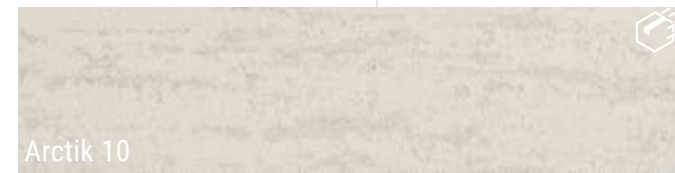

Arctik 24

Arctik 09

It is unusual to see a commercial carpet product that is developed around light neutral shades due to maintenance concerns, but Arctik, with its high-performance Sorona fiber construction, superior soil and stain-resistance, and fast-drying capability, makes maintenance a breeze so lighter colors are now a much more practical solution.

COLOR SENSE

*Sensual color accents to Inspire and energise
Six beautiful gradated pastels in a plush multi-level loop plank.
A natural partner for Sense and an original design in its own right.*

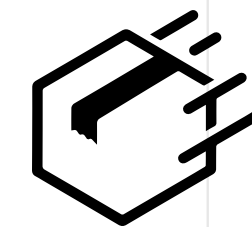

Building on the popularity of Sense, designers asked if we could create a color coordinate to provide the opportunity to accent areas in the floorplate or transition between zones. With an extensive range of bright accent colors in products like Eurogarden 202, we decided to make Color Sense a softer pastel accent range that provided a solid accent color and a graduating range of color tones.

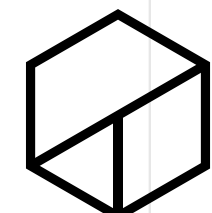

Color Sense 75012005

Color Sense 75012002

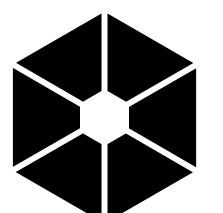

Color Sense integrates the popular Gray base from the Sense collection with six pastel accent colors. The individual color ranges incorporate eight different tiles, each with increasing strength of the accent color. Choose just one of the tiles for a simple inset or zoning area, or go to an eight-tile 2m long seamless graduation.

COLOR CUSTOM

Organic pattern design and gentle color accents inspired by a submarine reef view. Six different base colors ranging from charcoal to silver to sand tones, including gentle pastel accents occasionally, recalling the sea bottom's natural tints.

Coral Sea 500, 501

The Coral Sea Collection is a tribute to the natural wonders of the underwater world. Through an organic patterned design and muted carpet color variations, it's possible to complement a neutral gray base with subtle accents. As in the coral reef, the view always turns rapidly, and the vivid changes in contrast and color density create diverse and dynamic patterns.

PUREWEAVE™

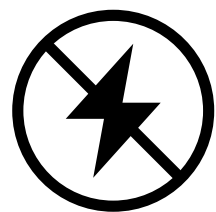

Soil and Stain Protection

PureWeave® fiber, featuring negative charge polymers, repels stains by preventing bonding with substances carrying negative charges.

High Durability Profile

PureWeave® fiber exhibits high resistance performance. Allowing its long durability in a high-traffic area.

Anti Static Performance

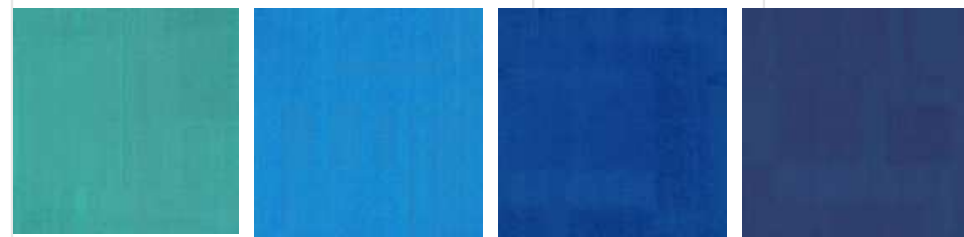

PureWeave® fiber, with its effective anti-static performance, mitigates the buildup and discharge of static electricity, providing a durable and static-resistant solution.

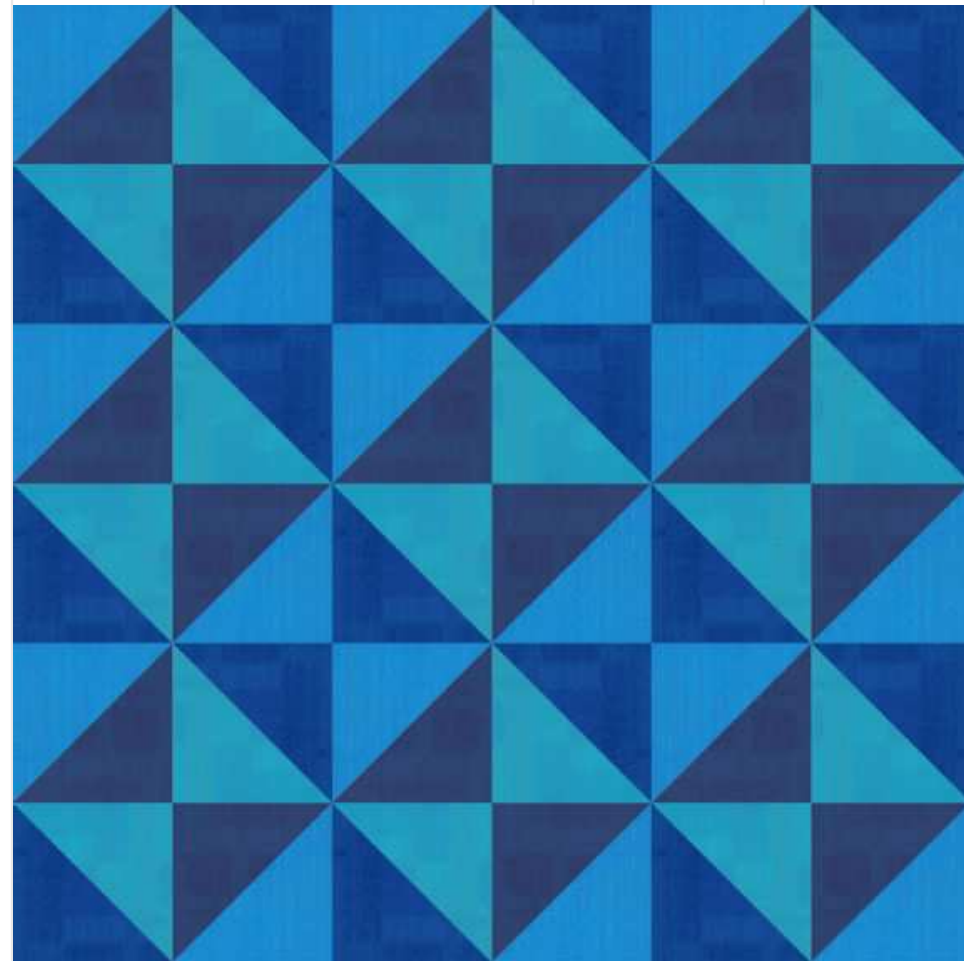

Color fade resistance

PureWeave® fiber ensures exceptional color fade resistance, preserving vibrant hues and longevity in various settings.

VOXFLOOR® offers PureWeave™ nylon, a solution-dyed nylon fiber that enhances the anti-fouling ability against acidic stains like tea, coffee, juice, mustard, etc. (which account for 90% of the stains in daily life). This feature gives carpets long-lasting and effective anti-fouling properties, reducing maintenance costs and extending the product's lifespan.

MONDRIAN

COLLECTION

The rhythm and relationship of color and style.

3 patterns inspired by the Mondrian classic.

Mondrian 100 75004, 200 75004, 300 75004

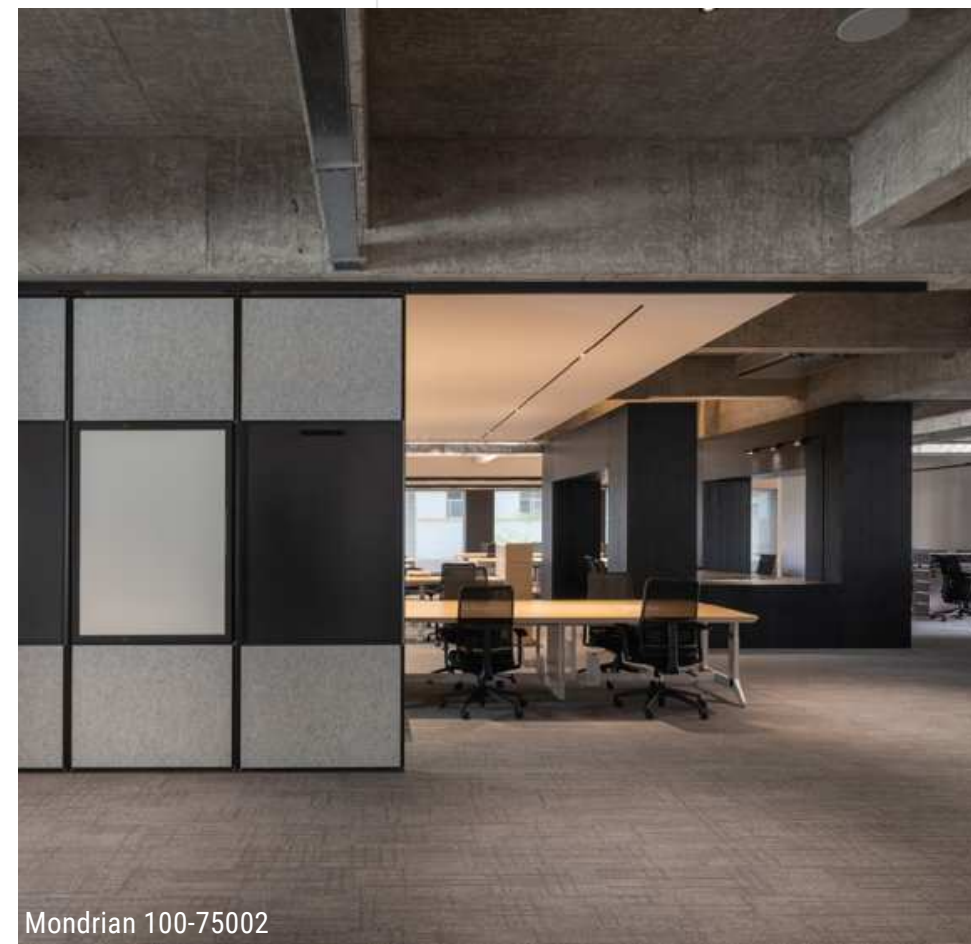

This collection takes inspiration from the art of Piet Mondrian and the whole Bauhaus movement, breaking down the classic design into three offers.

Mondrian 100 provides a dynamic but neutral canvas for Mondrian 200 to apply its magic by introducing simple geometric color planes in 7 colors. Mondrian 300 completes the suite of patterns with dynamic, colored rectangles.

The multi-level loop construction adds a third dimension to this classic design.

MUNDI COLLECTION

*A Journey back in time
Three beautifully textured distressed patterns in 5 neutral
grey bases with a coordinating 10-color tone on tone range
form the foundation for this exciting product collection.*

Fossil 61675, Misty 63193, Misty 42131, Base 20000

Fossil 61675

Misty 63193

Misty 42131

Base 20000

Base and Moss form the foundation of the range. Base, with its highly textured aged stone pattern and five tonal colors, is elegant in its simplicity.

Like its name, Moss features a soft, random textured base for 12 saturated colors ranging from soft earth tones to rich blues and greens. Moss is an ideal foil for the base pattern, offering an opportunity for accents and inserts, but it also forms the pattern color for Fossil and Misty.

NARNIA

*Real style on a budget – a wardrobe essential.
Contemporary style linear plank in 7 colors and 9 shape formats*

Narnia 400, 600 - Hexagon SHAPES System

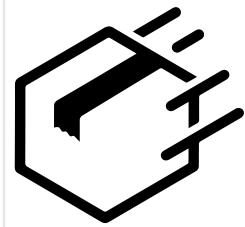

Narnia 600

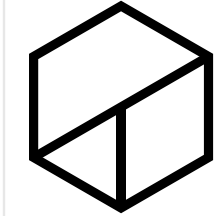

Like the little black dress in every lady's wardrobe, Narnia fulfills the position of classic styling, long-lasting, versatile, and affordable design.

A multi-level loop in seven tones on tone colorways has become part of the designer's toolbox they can't do without.

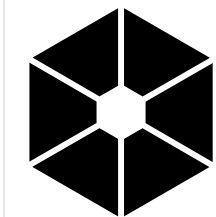

But there's also a twist in the story because Narnia transforms into multiple formats through the "Shapes" program, which means you can choose from large and small squares, planks, triangles, hexagons, pentagons, and even trapezoids. Prince Caspian would have been proud!

Connection 05

Route 05

Networking, connecting, and innovating are all words we use in today's technological world to describe how we work and the places we work. They are also the inspiration for Network, a new product that combines pattern, color, and form to create floor designs for today's commercial spaces.

There are three patterns and twelve color themes in the range specifically designed to provide a design toolbox for creating coordinated work and leisure spaces in a busy modern commercial office space.

QUICK SHIPMENT

NORTHERN EDGE

*Farewell from the north.
The stunning evolution of nature has shaped
Diamond Beach and Basalt Canyon,
completing the Northern Edge Collection.*

Diamond Beach 200, 203

Behind the design of our Northern Edge Collection lies a primal need for adventure. Explore a new continent where the opposites attract each other, precisely as Diamond Beach and Basalt Canyon represent the ice from the sea and the fire from the Earth Core meeting themselves on a pure land.

Despite sharing the same yarn, accents, and color combinations, Diamond Beach and Basalt Canyon possess a unique and visually striking identity.

Basalt Canyon 100, Diamond Beach 100

Diamond Beach 200, 201, 202, 203, 206

Basalt Canyon provides a refined, elegant, and sophisticated solution for your flooring needs. The design is modern, timeless, sophisticated, and graceful, ideal for relaxing areas, refined hallways, premium lounges, private offices, and large high-class spaces in general.

Diamond Beach's creative approach is ideal for dynamic, striking, innovative, and original young spaces. Its graphic pattern and exciting design create a unique effect in various base colors and fresh accents.

NOVEL TARTAN

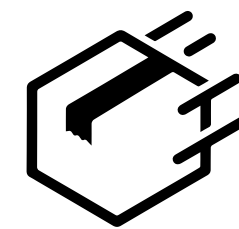

Getting away from mass production and popular outline, Novel Tartan with both neutral colors and delicate accents, supports individual originality.

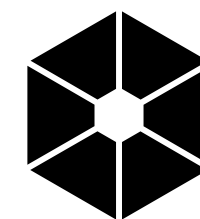

Novel Tartan 600, 601

There is no progress without memory. Novel Tartan takes inspiration from classic and elegant textile patterns revisited into carpet tile solutions with a style that winks at the current retro trend. As a fashion-driven flooring solution with rich textures and delicate linear accents, looking into the future with an eye to the comeback of modern classics.

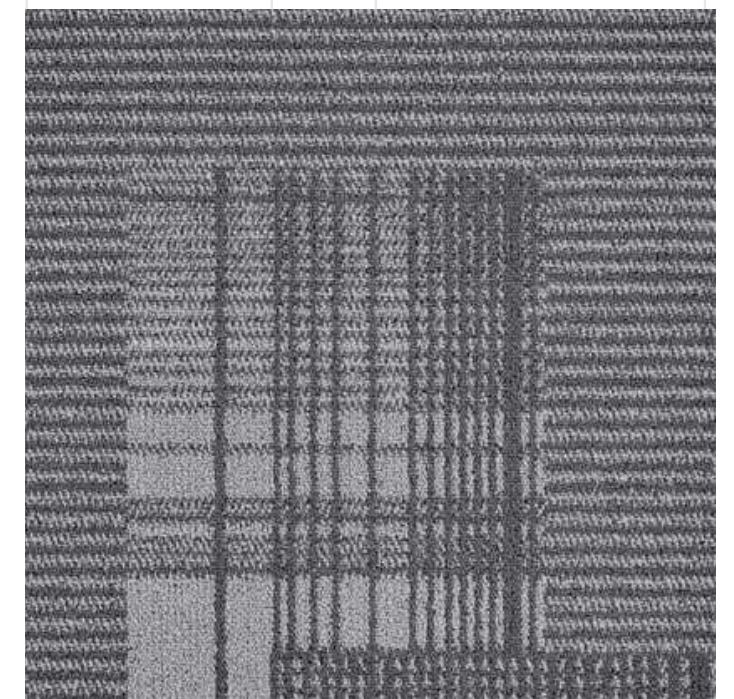

Thanks to a complete series of neutral tones ranging from dark to light gray to warm beige, the collection guarantees total coverage of classic and elegant solutions. Furthermore, for each basic color, a product is offered with lively accents for all those solutions that require a touch of freshness and stylish design.

Novel Tartan 601

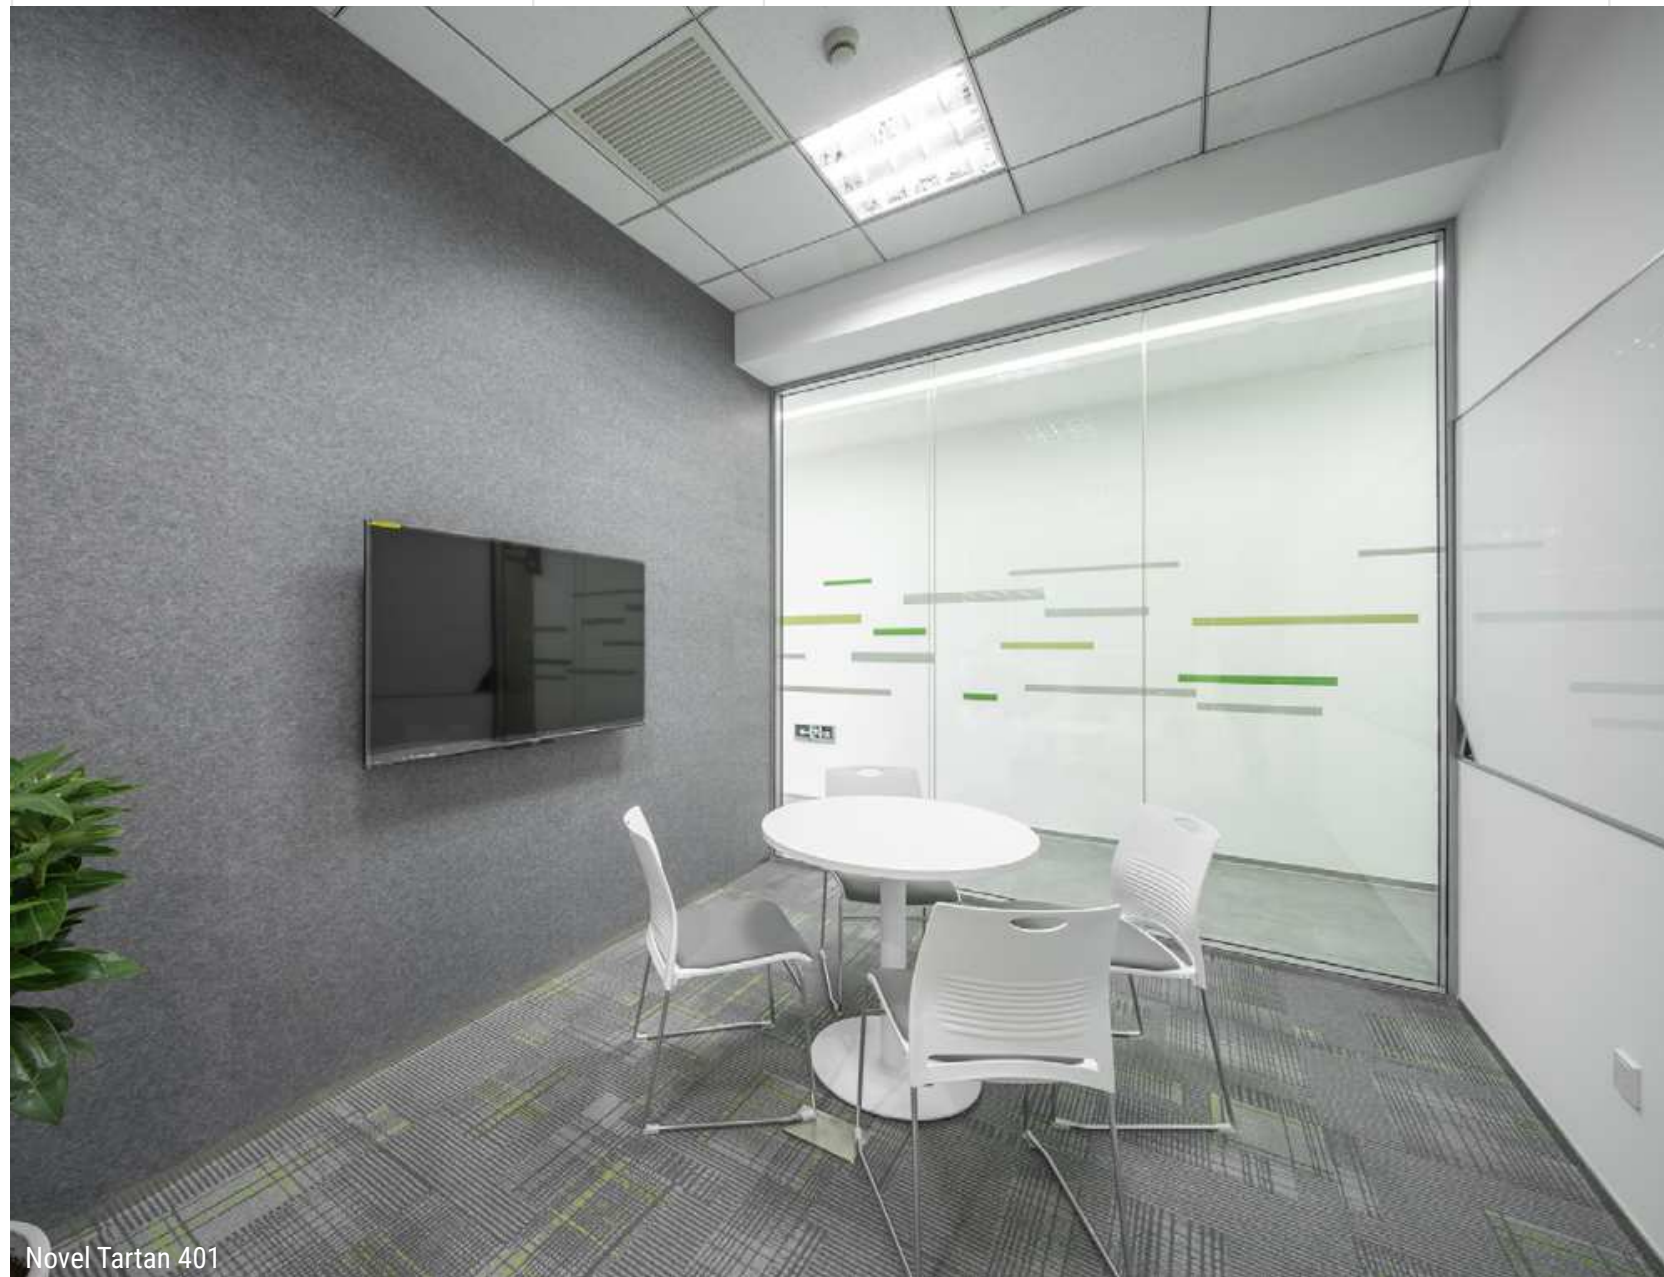

Novel Tartan Collection is a creative expression of classic elegance, modernized for the modern consumer.

The inspiration for this design comes from the strong fashion comeback of the classic British pattern in fashion design, but also considering that vintage culture is absolutely on trend in interior design as well.

Aarup 900

Molde 900

The three patterns that make up this collection all share the same cut and loop construction, which beautifully replicates the simplicity and craftsmanship of Scandinavian design.

Molde and Aarup are both inspired by classic Nordic timbers. Molde takes on the ultra-simple Beech grain effect, and Aarup emulates the more dynamic oak grain pattern. Almhult adds more movement, a geometric element seen in block wood designs.

SCANDINAVIA COLLECTION

*Elegant, peaceful, and connected to nature.
Three practical but beautifully crafted linear patterns
and textures inspired by classic Nordic design.*

SEASON COLLECTION

*A symphony of color in perfect harmony
A deep textured earth base plays host to four seasonal colorways.*

Season Basic, Season Winter, Season Spring, Season Summer, Season Spring

Season Basic forms the heavily textured base of this collection. Its beautiful earth-tone planks are reminiscent of a forest path in summer.

The distinct colors of the four seasons are introduced through the Spring, Summer, Autumn, and Winter colorways.

COLOR CUSTOM

Season Basic

With three levels of color saturation, it's easy to mix and match the different color intensities to create unique design concepts.

Season is ideal for zoning and creating different personalities within the workspace, creating natural pathways leading to quiet contemplation spaces or more vibrant collaboration areas. Alternatively, intersperse different color combinations to create that calm, natural space we all enjoy. With Season, it's like walking in the park.

Sense 75015

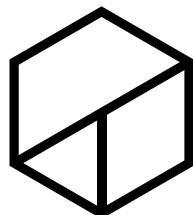

Sense 75025

Finding the right neutral base color to build their overall design can be a significant challenge for many designers. That's why we created Sense. A stylish but modern textured pattern in a range of 36 shades of gray and beige from beautiful warm naturals to cool sharp metallics and everything in between.

The multi-level loop textured plank has been developed to give a rich, plush texture that hides seams perfectly and provides a beautiful overall appearance.

Six popular tone-on-tone colors*

Silver Sea 04, 10

SilverSea 05

Silver Sea 02

Silver Sea 04

Silver Sea 05

Silver Sea 08

Silver Sea 09

Silver Sea 10

The natural sparkle of waves washing onto the shore inspires this timeless pattern, making it a standout in the Voxflor range. With its versatile design and effortless elegance, Silver Sea enhances a variety of spaces, bringing a sense of movement and tranquility. Its popularity speaks for itself, making it a top choice for designers and architects alike.

Silver Sea 02, 05

Silver Sea 05

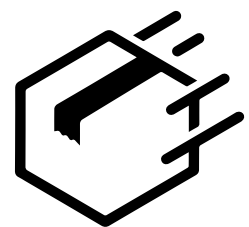

The elongated plank format combines with the linear pattern to treat a strong directional aesthetic.

Alternatively, the square format installed quarter-turn provides a beautiful light and shade shadow effect on the floor.

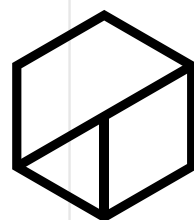

Silver Sea 02

The product's multi-level loop construction creates a very subtle but versatile linear pattern. Available in 6 tone-on-tone color combinations, it's ideal for open offices and larger floorplates. Thanks to its elegant and vibrant patterns, it's perfect for contemporary commercial areas.

SONIC FLOW

Sonic Flow is the translation of sound energy into a pattern for modern commercial flooring. Thanks to its minimal style.

It offers 12 different color options, from bright to darker hues of warm tones of gray and beige.

The product stands out with its unique nylon fiber development technology, creating a rustic finish rich in detail. The natural colors cover a wide chromatic range, from warm grays to beige and brown tones.

AMBIENT 01

FOLK 01

HARDROCK 01

This classy collection is based on the graphic representation of sound. It combines perfect unison, intonation, and dynamic range like a great orchestra. The plush loop pile construction allows the tonal pattern to show through gently to create a soft, elegant overall aesthetic.

Each of the three products takes the same pattern but increases the intensity to provide a range that can be used individually or combined to create a perfect symphony.

SOUNDTRACK

COLLECTION

*Rhythmic pattern variations
Plush, luxurious and harmonious, 3 co-ordinating
patterns with different intensity, gentle and delicate
to intense and vibrant available in 9 neutral tones.*

Ambient 01, Folk 01, Hardrock 01

Ambient 02

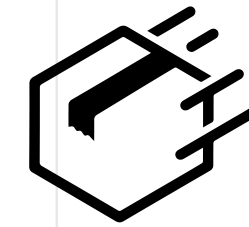

Ambient is the most subtle pattern, like the strings section in the orchestra offering a gentle background track. Featuring a large format 50cm x 100cm plank format to ensure the overall pattern is perfectly balanced and distributed across the space.

SPECTRUM

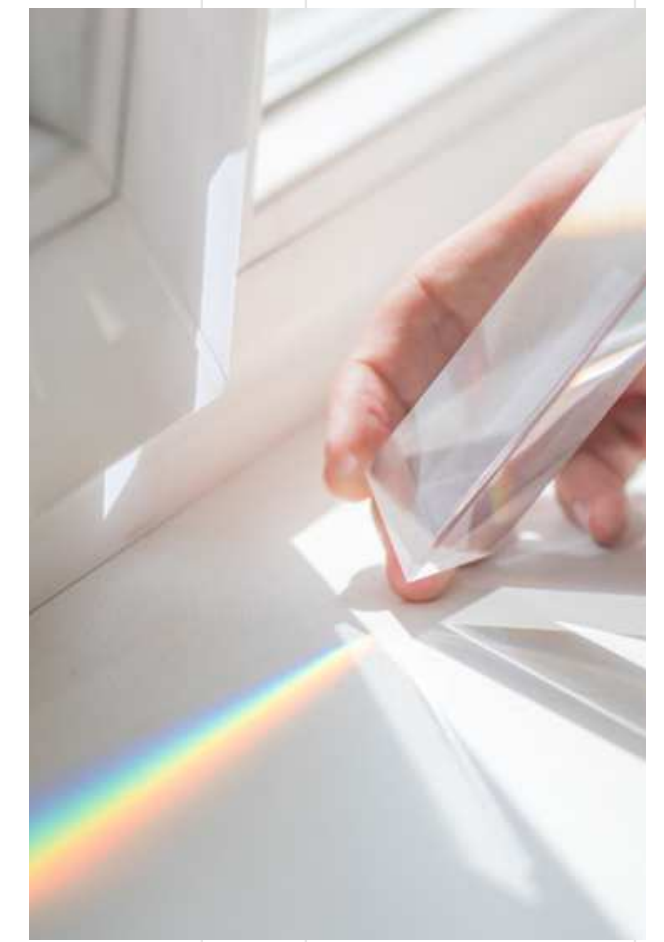

COLLECTION

The natural sunlight when hits a translucent surface can get reflected pure as before or it can reveal its secret composition by breaking down into various frequencies of the visible Spectrum.

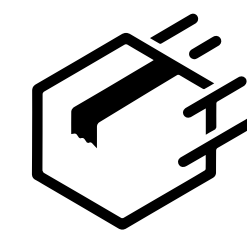

Ray Path 2000, Light Stream 2-045 2-167 2-169 2-188 2-189, Color Sparkle 2-167169 2-188189

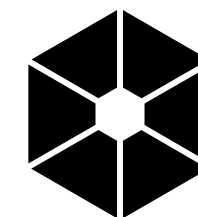

Ray Path, Light Stream, and Color Sparkle represent three levels of creativeness. The first can be considered an essential product, more simple and pure. The second adds a standard color accent level, whereas the third guarantees an extraordinary and unique design approach with astonishing visual impact by combining two color accents. The designers can freely decide how to combine and merge the carpet tiles, adjusting the color level to their taste and project target.

SPEEDWAY COLLECTION

Turbojet airplanes, high-speed trains, fast cars, and instant communications are just a few examples of how much our daily life is connected to speed.

Speedway translates the theme to a modern, dynamic, linear design interspersed with a unique chevron texture and subtle color accent to bring the product to life.

Speedway Basic 04

The two loop pile products of the collection share the same color base and accent colors, making them perfect coordinates for mix-and-match design applications.

With six neutral base colors, the Speedway Basic and Fast Lane Basic colors are plain with no accent color.

Speedway and Fast Lane, each with their own feature color accent, offers an exciting variety for your design needs.

SPIRAL

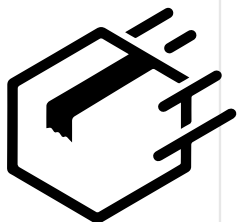

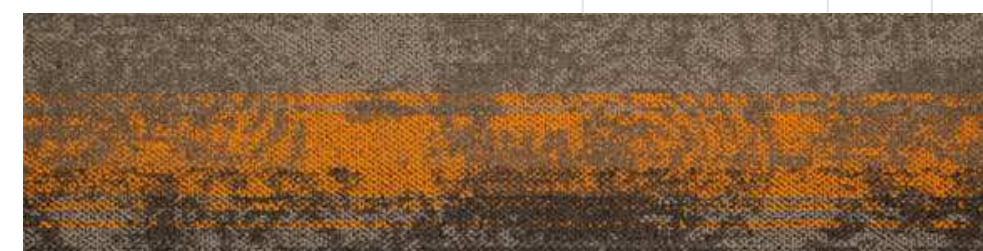

COLLECTION

*Ripples of calm radiate over soft natural tones.
A modern multi-level loop with 12 softly layered natural colors that can be still and reserved or pop with a splash of color when you need it.*

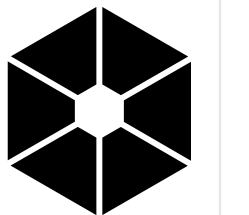

Spiral 75002, 75003, Spiral Plus 75003

The Spiral Collection is a simple, easy-to-use design concept that uses cleverly layered patterns and colors to create a multi-dimensional appearance. The six earth-tone color bases are overlaid with a subtly contrasting spiral pattern emulating ripples on a pond or sandy dunes in the desert.

Spiral's quiet persona comes alive when a third color level is added with the Spiral Plus range. The three accent colors pop above the surface like a soft sunset or a morning reflection on a lake.

COLOR CUSTOM

Selection

Choose the product and area of pattern you want to customize. It can be just part of the pattern or the whole colorway.

Color Choice

Choose a color from our extensive Eurogarden range which offers over 200 colors or send us a color reference for our designers to match.

Sampling

We will make a digital product image firstly and a real tile sample later for you to see and approve before production. All sampling is created by our own in-house design team.

Production

We will process the yarn and manufacture the product based on your individual requirements.

We're passionate about custom design and will work with you to create the color you've been dreaming of. Our in-house yarn processing, sampling and production capabilities mean it's both fast and efficient. Low Minimum Quantity, No long lead times, No extra costs.

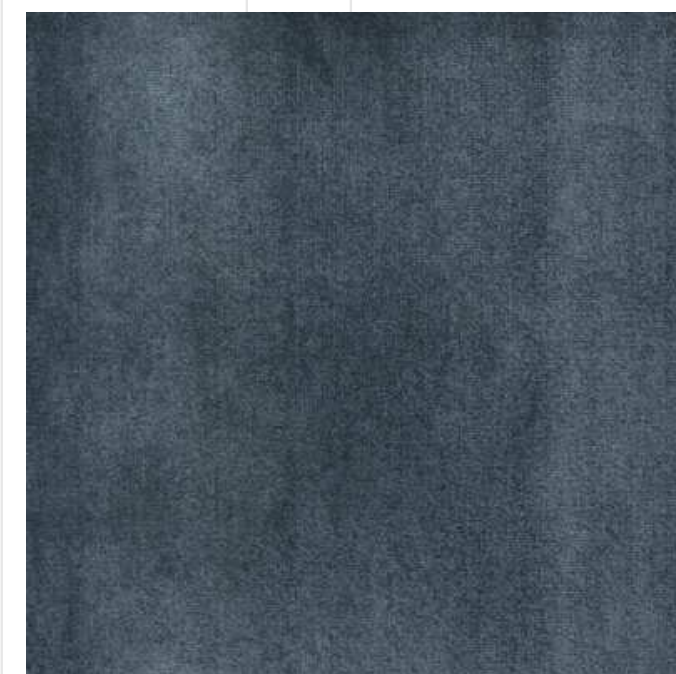

TWILIGHT

*The beautiful art of Shibori dying
Unique handcrafted cut pile tile in 12 stunning colors*

Twilight 02

Every tile of Twilight produced is unique. Using dying techniques similar to those used in ancient Japanese Shibori textiles, Twilight combines rich color in dark and light tones to form a soft, elegant pattern like a beautiful twilight sky.

URBAN FOREST COLLECTION

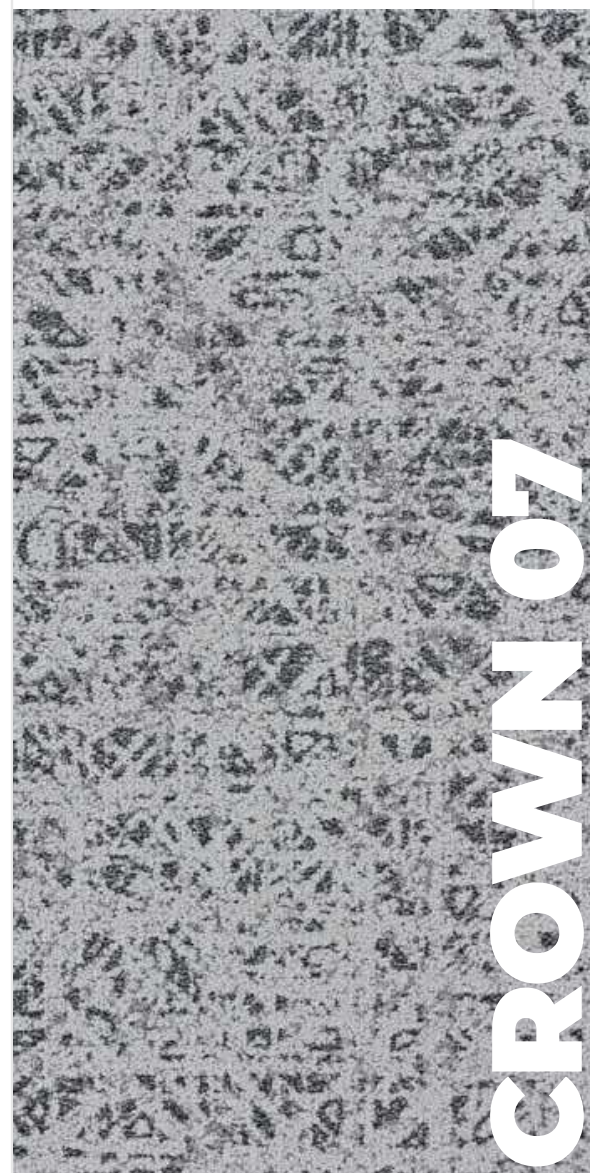

*Generating sustainability and positivity in our daily life
it is absolutely necessary to bring back a sequence of
natural elements to clean, refresh, and protect our cities.*

Crown 11

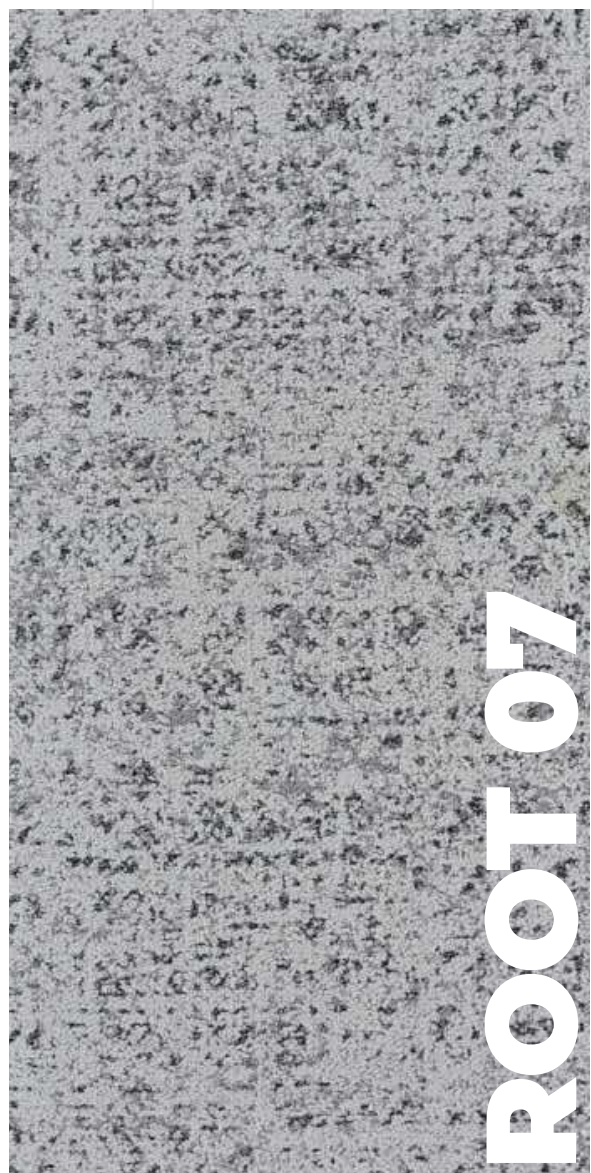

Crown 11

Urban parks and green spaces are the new lungs of the metropolis and the element of connection between citizens and Mother Nature. Urban Forest symbolizes with the Root product a more intricate design to represent attachment to the ground and with the Crown a slightly thinner intricacy to represent the will of tree branches to touch the sky.

CROWN 07

ROOT 07

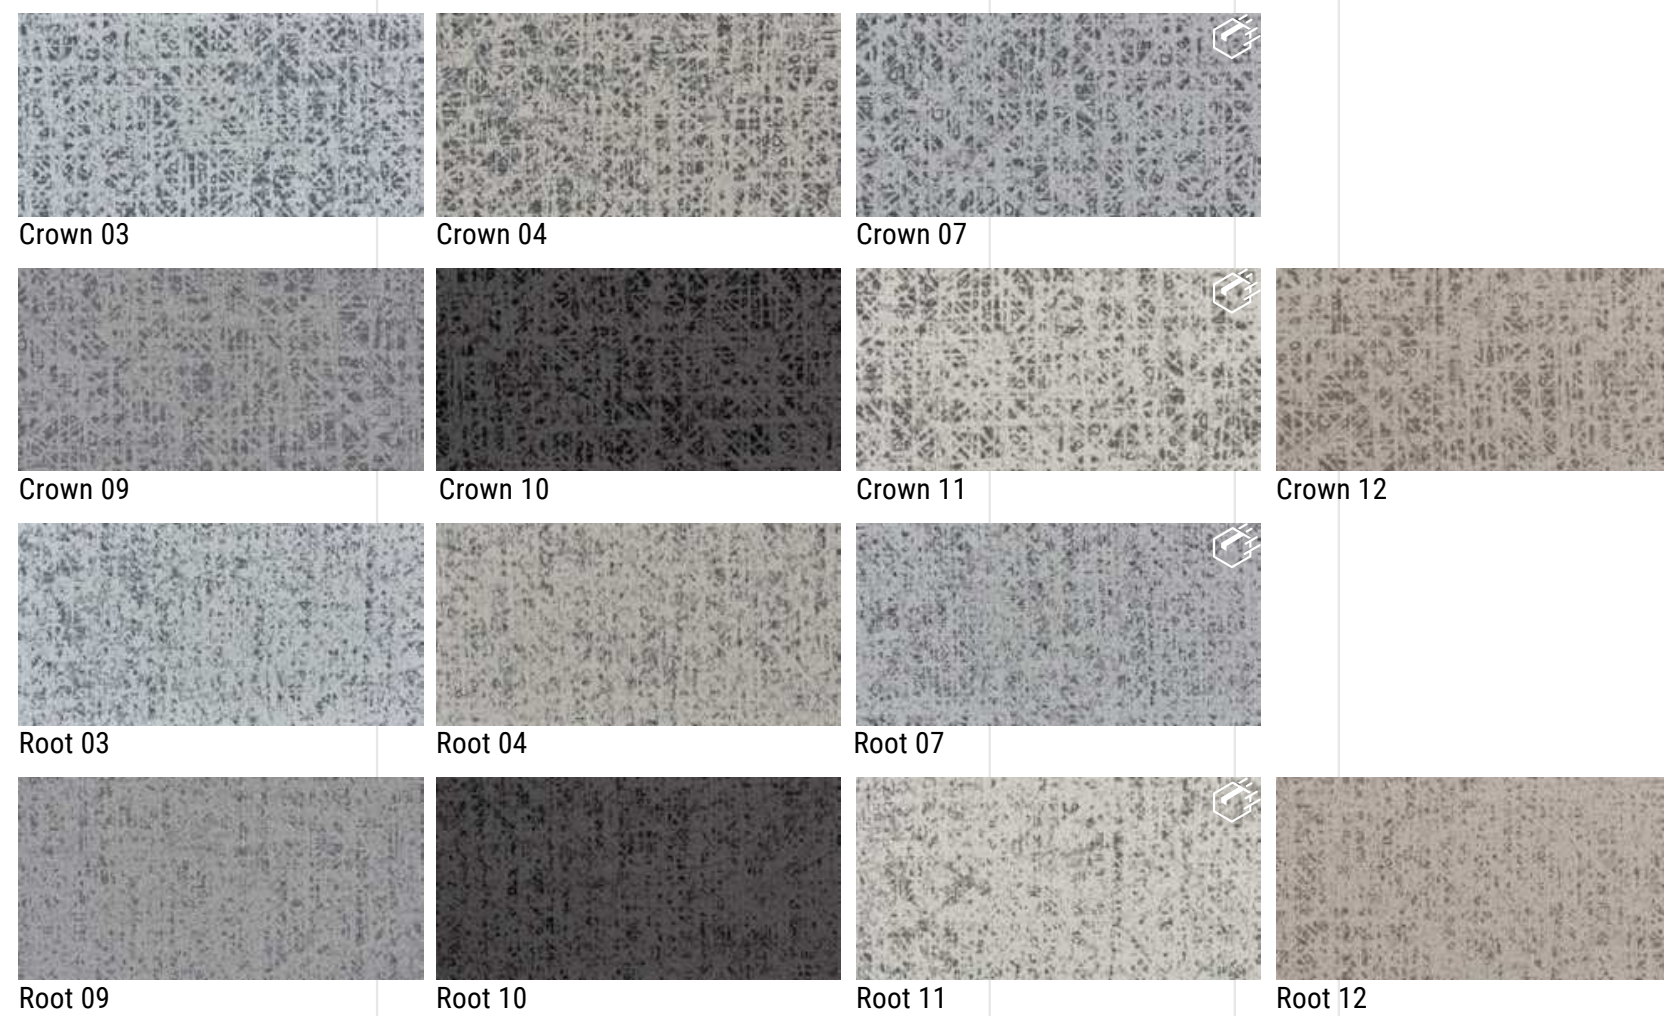

Root 03

Commercial spaces are becoming warmer, more welcoming, and more familiar. Therefore, with a similar design feeling to that needed for domestic carpets, the Urban Forest collection offers a new approach to commercial flooring solutions, providing a unique, elegant, and innovative style in modern offices and hospitality spaces.

Crown 11

EcoAce

BACKINGS

▶ **EcoAce-Bac**
Cushion back tile

▶ **EcoAce-Bac Pro**
Luxury cushion tile

EcoAce is a **lightweight, breathable, PVC free** backing system.
Choose from **2 different levels** of cushion to meet your specific **underfoot comfort** requirements.

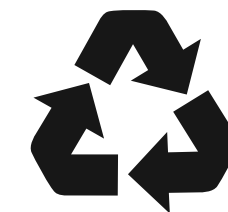

Declare,

Lighter Weight

Easier to install and move on site,
reduced costs in transportation

100% Recycled

Recycled cushion made from
plastic bottles

Enhanced comfort

Reduced foot fatigue
Improved underfoot comfort
Improved appearance retention
Improved sound absorption

LVT PRODUCTS

INTRODUCING THE VOXFLO LUXURY VINYL TILE COLLECTION

The Voxflor range of LVT tiles has been thoughtfully designed to go hand in hand with our extensive range of Carpet Tiles. 4 collections feature natural woods, stones polished concrete, and some exciting man-made materials. All are beautifully colored and textured to give a super high-quality finish.

The multi-layered loose-lay construction features a heavy-duty 0.5mm wear layer, and UV protection against sunlight and is available in a mix of square and plank formats all available from stock.

LVT Collections:

Above Woods Collection	page 261
After Human Collection	page 267
Beyond Stones Collection	page 271
Upon Colors Collection	page 277

Above Woods features a selected range of popular woodgrain planks. The 5mm loose-lay plank has a layered construction for long-lasting lay-flat performance. The 0.5mm wear layer is beautifully textured and fully UV stabilized.

PRODUCT SPECIFICATION GUIDE

The following pages provide a basic specification guide for our current running-line products.

For full technical information, certification, and warranty information please refer to our website

<https://www.voxflor.com>

Arctik - page 38

Construction: Multi-level Loop
 Fiber: Sorona® Fiber
 Gauge: 1/10"
 Stitches: 10 per inch
 Pile Weight: 34 OZ/yd²
 Average Pile Height: 5.0mm±0.5mm
 Backing: EcoAce-Bac® Pro
 Tile size: 25cm*100cm
 Area of Use: Commercial – General Duty

Chanson - pages 45-47

Construction: Level Loop
 Fiber: PUREWEAVE™ Nylon
 Gauge: 1/10"
 Stitches: 10 per inch
 Pile Weight: 20 OZ/yd²
 Average Pile Height: 3.0mm±0.5mm
 Backing: EcoAce-Bac®
 Tile size: 50cm*50cm
 Area of Use: Commercial – Heavy Duty

Life Resilience - Lush Growth - page 15

Construction: Multi-level Loop
 Fiber: PUREWEAVE™ Nylon
 Gauge: 1/12"
 Stitches: 12 per inch
 Pile Weight: 18 OZ/yd²
 Average Pile Height: 4.0mm±0.5mm
 Backing: EcoAce-Bac®
 Tile size: 25cm*100cm
 Area of Use: Commercial – Heavy Duty

Life Resilience - Slow Adaptation - page 16

Construction: Multi-level Loop
 Fiber: PUREWEAVE™ Nylon
 Gauge: 1/12"
 Stitches: 12 per inch
 Pile Weight: 18 OZ/yd²
 Average Pile Height: 4.0mm±0.5mm
 Backing: EcoAce-Bac®
 Tile size: 25cm*100cm
 Area of Use: Commercial – Heavy Duty

Color Sense - pages 50-51-52

Construction: Multi-level Loop
 Fiber: PUREWEAVE™ Nylon
 Gauge: 1/12"
 Stitches: 9 per inch
 Pile Weight: 26 OZ/yd²
 Average Pile Height: 4.0mm±0.5mm
 Backing: EcoAce-Bac®
 Tile size: 25cm*100cm
 Area of Use: Commercial – Heavy Duty

Coral Sea - pages 62-63

Construction: Multi-level Loop
 Fiber: PUREWEAVE™ Nylon
 Gauge: 1/12"
 Stitches: 10 per inch
 Pile Weight: 20 OZ/yd²
 Average Pile Height: 4.0mm±0.5mm
 Backing: EcoAce-Bac®
 Tile size: 50cm*50cm
 Area of Use: Commercial – Heavy Duty

Loom Culture - Fabric Legacy - page 19

Construction: Multi-level Loop
 Fiber: PUREWEAVE™ Nylon
 Gauge: 1/10"
 Stitches: 11 per inch
 Pile Weight: 22 OZ/yd²
 Average Pile Height: 4.0mm±0.5mm
 Backing: EcoAce-Bac®
 Tile size: 25cm*100cm
 Area of Use: Commercial – Heavy Duty

Loom Culture - Materic Heritage - page 20

Construction: Multi-level Loop

 Tile size: 25cm*100cm
 Area of Use: Commercial – Heavy Duty

Urban Forest - Root - page 238

Construction: Multi-level Loop
 Fiber: PUREWEAVE™ Nylon
 Gauge: 1/10"
 Stitches: 10 per inch
 Pile Weight: 24 OZ/yd²
 Average Pile Height: 5.0mm±0.5mm
 Backing: EcoAce-Bac® Pro
 Tile size: 50cm*100cm
 Area of Use: Commercial – Heavy Duty

Waterfall - pages 242-243-244-245-246

Construction: Multi-level Loop
 Fiber: PUREWEAVE™ Nylon
 Gauge: 1/12"
 Stitches: 11 per inch
 Pile Weight: 18 OZ/yd²
 Average Pile Height: 3.5mm±0.5mm
 Backing: EcoAce-Bac®
 Tile size: 50cm*50cm
 Area of Use: Commercial - Heavy Duty

Supernova - Kosmos - page 32

Construction: Multi-level Loop
 Fiber: PUREWEAVE™ Nylon
 Gauge: 1/10"
 Stitches: 10 per inch
 Pile Weight: 26 OZ/yd²
 Average Pile Height: 5.0mm±0.5mm
 Backing: EcoAce-Bac®
 Tile size: 25cm*100cm
 Area of Use: Commercial – Heavy Duty

Spiral - pages 217-218-219

Construction: Multi-level Loop
 Fiber: PUREWEAVE™ Nylon
 Gauge: 1/12"
 Stitches: 12 per inch
 Pile Weight: 17 OZ/yd²
 Average Pile Height: 4.0mm±0.5mm
 Backing: EcoAce-Bac®
 Tile size: 25cm*100cm
 Area of Use: Commercial – Heavy Duty

Wetland - page 251

Construction: Multi-level Loop
 Fiber: PUREWEAVE™ Nylon
 Gauge: 1/12"
 Stitches: 12 per inch
 Pile Weight: 20 OZ/yd²
 Average Pile Height: 4.0mm±0.5mm
 Backing: EcoAce-Bac®
 Tile size: 50cm*50cm
 Area of Use: Commercial – Heavy Duty

Wetland - Awake - page 252

Construction: Multi-level Loop
 Fiber: PUREWEAVE™ Nylon
 Gauge: 1/12"
 Stitches: 12 per inch
 Pile Weight: 20 OZ/yd²
 Average Pile Height: 4.0mm±0.5mm
 Backing: EcoAce-Bac®
 Tile size: 50cm*50cm
 Area of Use: Commercial – Heavy Duty

Spiral Plus - pages 211-212-213

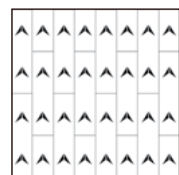

Construction: Multi-level Loop
 Fiber: PUREWEAVE™ Nylon
 Gauge: 1/12"
 Stitches: 12 per inch
 Pile Weight: 17 OZ/yd²
 Average Pile Height: 4.0mm±0.5mm
 Backing: EcoAce-Bac®
 Tile size: 25cm*100cm
 Area of Use: Commercial – Heavy Duty

Thrive - page 223

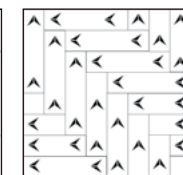

Construction: Multi-level Loop
 Fiber: PUREWEAVE™ Nylon
 Gauge: 1/10"
 Stitches: 12 per inch
 Pile Weight: 17 OZ/yd²
 Average Pile Height: 3.5mm±0.5mm
 Backing: EcoAce-Bac®
 Tile size: 25cm*100cm
 Area of Use: Commercial – Heavy Duty
